Phone: (787) 299-2021 E-Mail: christianagost@gmail.com

Summary

My background includes web management, front-end & back-end web development and graphic design. I've created web designs from scratch or using frameworks and content management systems (CMS). My goal is to acquire a challenging position in an environment where I can grow, learn and utilize my skills and education in computer science and audio visual communication.

Skills

Dev: HTML - CSS - Javascript - jQuery - PHP - MySQL - Wordpress

Design: Experience Design (Xd) - UX/UI Design - Wireframing - Photoshop - Illustrator - InDesign

Other: SEO - Iterative development - Data driven design - Proposal Writing - English & Spanish
